

Collective consciousNET

Warning of the true danger of connecting the Internet directly to the mind

Collective consciousness

$P1 \rightarrow \leftarrow P2$

$P2 \rightarrow \leftarrow P3$

(simultaneously) ETC

Situations

Loss of sanity

Lorem ipsum

Infinite porn and the complete destruction of the brain

Lorem ipsum

War and terrorism

Lorem ipsum

No longer human

Lorem ipsum

!This document needs to be significantly expanded!

Possible solutions

Brain–Internet sandbox

A limited Internet system that is isolated from the rest of the brain, and separate from a handheld Internet-capable device.

Just don't

Don't let the brain have embedded Internet. Avoid collective consciousness and the destruction of humanity.
